Robust Details Part E Certification Scheme – Purchase Statement

We have certified the Robust Details below using:

- Initial type-testing and examination against our type-approval assessment criteria
- Inspection of samples from the open market against the relevant Robust Details specification(s)
- Testing of samples from the open market against the performance standards set out in Approved Document E for satisfying Requirement E1 of the Building Regulations.

This enables customers to use the Robust Details stated below in new, attached homes as an alternative to pre-completion sounds testing for satisfying Requirement E1 in Schedule 1 of the Building Regulations (England and Wales).
