

INSTALLATION TRAINING

To maintain high levels of performance Robust Details Limited has made arrangements for on-site training to be provided for those involved in the construction of the following RD-Types. This training will be provided free of charge.

In order to facilitate the training, we will provide the Developer's contact details¹ to the named supplier organisation, responsible for providing the free training, as part of the plot registration process. The supplier will then contact the Developer to arrange the provision of suitable training.

RD-Type	Supplier organisation	
E-WM-20	Saint-Gobain Isover Ltd	01159 451143
E-WM-28	Knauf Insulation Ltd	01744 766666
