On request, once a suitable plot has been identified, the Developer will cease work in order to provide a suitable environment to allow sound testing and the Developer accepts the liability, time and cost implications, if any, of the sample sound testing and/or visual inspections.
- 8.3 The Developer agrees to provide RDL with access to examine the Developer's documentation, records, locations, personnel and subcontractors upon request if necessary for the purposes of carrying out performance monitoring effectively, including for diagnostic purposes in the event of a test failure described in 8.1 above.
